SATURDAY SORT CHECKLIST

- ☐ Everything out — driveway becomes the sorting table
- ☐ Four piles: KEEP / DONATE / SELL / TRASH (be ruthless with "someday" items)
- ☐ Sweep, check oil stains and pests, note what needs a hook vs. a shelf
- ☐ Sketch the zones above + measure the walls (numbers on this sheet)
- ☐ Sunday: shelving first, wall storage second, bins last — label as you go
- ☐ Heavy low, light high. Floor stays for the car. Roll it in Sunday evening.
